## Work Experience

**Pezus Web Development Inc., Montreal**

**Web Developer, Software Analysis, Project Manager**

**Full-time**

**2008 - 2011**

- ❖ Developed simple, and complex websites (informational websites, social networks, Intranet);
- ❖ Planned and/or designed front-end user interfaces for websites, web games, and mobile games (Mootools, AJAX, CSS3, etc...);
- ❖ Developed custom content management systems, specially tuned for specific client needs and expectations (using PHP, MySQL);
- ❖ Planned and constructed user interface experiences for content management systems, admin panels, etc... using Javascript, XHTML, and CSS;
- ❖ Developed, managed, and maintained custom online shopping cart systems (e-commerce) with unique functionality, custom admin panels, stock based inventories, etc...
- ❖ Integrated transaction APIs into shopping cart solutions (PayPal, SWREG, 2Checkout)
- ❖ Setup and maintained pre-built shopping cart solutions (osCommerce, Volusion)
- ❖ Setup small focus groups to share their views/experiences/impressions of a user interface, ease of access, complexity, and aesthetic appeal (groups comprised of friends, colleagues, friends of friends);
- ❖ Fully planned, and developed an online browser game (2D, interactive) using XHTML, CSS2.1/3, Javascript, Mootools, PHP 5.2, MySQL;
- ❖ Managed database construction, maintenance, and optimization;
- ❖ In charge of profiling code/database performance, and developed a proprietary PHP/MySQL/Memcache profiling class;
- ❖ In-charge of testing code (both front-end and back-end)
- ❖ Consulted clients on hosting possibilities for various projects, from small informational sites, to large-scale, multi-server setups;
- ❖ Met with clients, handled client communication, made presentations, progress reports, constructed development schedules;
- ❖ Used the Waterfall methodology, as well as agile programming, and XP;
- ❖ Developed an experimental Javascript MP3 Player called JF MP3 (rarely updated now);
- ❖ Developed a simple experimental online OS interface (<http://www.kovo.ca/kovoos/>);
- ❖ Met with business consultants, CFAs, investors, venture capitalists, CAs;
- ❖ Executed basic financial duties, tax reports, planning, etc...;
- ❖ Interviewed potential employees;
- ❖ Research & development for new programming methods, languages, styles;

**itCreations Inc., Montreal**  
**Web Developer, Project Manager, Consultant**

**Contract**
